

Find X-Intercept For Linear Equation

$$(\underline{\quad}, \underline{\quad}) \quad \underline{\quad} X + \underline{\quad} Y = \underline{\quad}$$

$$(\underline{\quad}, 0) \quad \underline{\quad} X + \underline{\quad} \cdot 0 = \underline{\quad}$$

$$\underline{\quad} X = \underline{\quad}$$

$$(\underline{\quad}, 0) \quad X = \underline{\quad}$$
