

Mini-Sampling Survey

Leader Evaluation Sheet

1. Did the team member complete all required sampling duties? Circle Yes or No.
 In the blank cell, record the number of samples gathered by each team member.
 (If a team member did not complete their sampling duties, explain why on the back of this sheet.)

2. List the specific inference procedure contributed by this team member. Provide the number of the focus question. For tests of significance, circle whether the team member prepared the four-step "Write-Up" OR the "Display" showing a graphic representation of the sampling distribution and P-value.

3. List the contributions that this team member made toward the production of the report Give specifics including but not limited to: word processing, text editing, confidence interval graphic displays, correction of mathematical errors, sampling distribution graphs, printing of drafts/final report.

LEADERS: _____, _____, _____

First Name Last Name	1. Sampling Completed	2. Inference Contributions	3. Report Production Contributions	FINAL SCORE
	Yes No	Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display		
	Yes No	Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display		
	Yes No	Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display		
	Yes No	Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display		
	Yes No	Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display		

	Yes No		Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display				
	Yes No		Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display				
	Yes No		Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display				
	Yes No		Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display				
	Yes No		Confidence Interval # ____ Tests of Significance # ____ Write -Up or Display				

Leader Evaluation

Name _____

What was the most significant contribution that your fellow team leader made?

Describe one way that the team leader displayed leadership during the project.

Name one personal trait of the team leader that benefited the team.

With the advantage of hindsight, name one thing that the team leader could have done differently. Briefly discuss how this change would have improved the quality of the final project or the efficiency in getting there.
